## *"Food For Thought"*
### By Guest Speaker: *Pastor, Mark Scott*

*Please read/review:* **GENESIS 1:13-19**

- Go over verse 13 to correlate with verse 19 as God establishes the rhythm of a 24 hour day

- On day 3 God made all vegetation. If there were ions of time between days, that means there would have had to have been vegetation that lived without the sun.

*Things To Consider:*
1. - What came first the chicken or the egg?
2. - Everything was created with an appearance of age.
3. - Even the trees and the fruit were ready to eat.
4. - Adam and eve couldn't have been babies.

*Define these Words* ( as they might apply to the text ):

- **Good** ( *in verse 18* )**:** - why good?

- **Pleasant:** - God was happy when he created earth and he was happy when he created you.

- **Signs**

- **Seasons**

- **Days**

- **Years**

*Give Your Response To the Following Questions:*

1.  The earth was created on day 1, but the sun didn't come until day 4. What was the light in Day 1 ( *was it an internal lamp or external one* ) ?

2.  Earth lived without the sun and moon for 3 days… what does this say about gravitational pull?

3.  What are the lights in verse 14 ( *Stars* ) ?

4.  Does the earth always revolve around the sun?

5.  Is the moon responsible for the tides?

6.  God is naturally supernatural, so is it possible that what might be the rules for earth, might not be the rules for the universe?

**Lesson Instructor:** *Pastor Mark Scott is* *the senior Pastor and founder of "Rooted" A Bible believing church based in Uniontown, PA. Currently holding their services in the "MALLARD" building at: 374 Duck Hollow Rd, Uniontown, PA 15401*

You May Contact Pastor, Mark Scott via email Through This Ministry Below:
